The Knapp Crimson Bare Squeegee Polly Pig is the basic durable Polly Pig. It is manufactured using Knapp's exclusive K-Duro™ polyurethane foam (8-10 lb/ft³ density). Designed for longer pipeline runs with little or no reduction in cross-sectional area, the Crimson Bare Squeegee offers the operator a flexible, low-cost alternative to steel mandrel pigs. Contact Knapp or a qualified representative before using a Crimson Bare Squeegee where line reductions are present.
